Leadership

Eshan Shukla

Enthusiastic and highly motivated computer science student with a passion for coding and problem-solving. With a solid foundation in computer science principles and a knack for tackling complex problems, I am eager to contribute to the development of cutting-edge applications and contribute to the advancement of the software industry.

EDUCATION

B.Tech

Pranveer Singh Institute of Technology

10/2020 - Present

7.62 Sgpa

Courses

Computer Science and Engineering (Artificial Engineering and Machine Learning)

Higher Secondary School

ST. Michael's Convent School

05/2019 - 02/2020

PROJECTS

Customer Segmentation (05/2023 - 08/2023)

Division of customer base into several groups of individuals that share a similarity in different ways that are relevant to marketing such as gender, age, interests, and miscellaneous spending habits. Technologies Used: Python, Machine Learning.

Student Performance Evaluation (02/2023 - 05/2023)

Discovered relationships among different attributes and predicting indicators for low academic performance. Technologies Used: Python, Machine Learning.

House Price Prediction (01/2023 - 02/2023)

Detecting the price of the House based on various parameters and giving the suggestions. Technologies Used: Python, Machine Learning.

Spam Mail Detection (10/2022 - 12/2022)

Created a model that classifies emails into two distinct categories: spam and legitimate messages. Technologies Used: Python, Machine Learning.

SUBJECTS OF INTERESTS

Database Management System

Software Engineering

ACHIEVEMENTS

Solved more than 500+ questions on Leetcode, Hackerrank, and GeeksforGeeks.

Awarded with a certificate of proficiency in Python and problem-solving.

Holding a 50 days of code batch on Leetcode.

Possessing an Infosys certificate of completion across a range of supervised machine learning algorithms.

Participated in the National Science Olympiad and secured the 3rd rank.

Secured 1st rank in the Science Exhibition and Extempore competition.
